

THE PHEASANT HOTEL

Environmental Policy:

At The Pheasant Hotel Harome, we are committed to promoting sustainability and minimising our environmental impact. We recognize our responsibility to protect and enhance the environment for future generations and strive to integrate sustainable practices into our daily operations.

Our Objectives

Energy Efficiency:

Implement energy-saving measures such as LED lighting, energy-efficient appliances, and smart thermostats.

Regularly monitor and review energy consumption to identify areas for improvement.

Water Conservation

Install water-saving devices in bathrooms and kitchens.

Encourage guests to reuse towels and linens to reduce water usage.

Regularly check for and repair leaks promptly.

Waste Management

Reduce, reuse, and recycle waste wherever possible.

Provide clearly labelled recycling bins for guests and staff.

Partner with local organizations to ensure proper disposal of hazardous materials.

Sustainable Sourcing

Source food and beverages from local, organic, and sustainable suppliers.

Prioritise the use of eco-friendly and biodegradable products.

Support local businesses and reduce the carbon footprint associated with transportation.

Biodiversity and Conservation

Maintain and enhance the natural landscape around the hotel.

Support local conservation projects and initiatives.

Educate guests about local wildlife and the importance of biodiversity.

THE PHEASANT HOTEL

Community Engagement

Collaborate with the local community to promote environmental awareness.

Encourage guests to participate in local environmental activities and events.

Support local environmental education programs.

Continuous Improvement

Regularly review and update our environmental policy to reflect new practices and technologies.

Train staff on environmental best practices and encourage their active participation.

Conclusion

The Pheasant Hotel Harome is dedicated to creating a sustainable and environmentally friendly experience for our guests. We believe that by working together, we can make a positive impact on the environment and contribute to a more sustainable future.
